Faculty mentor	Phone number	e-mail	
Dr. Damion Dunlap	850-770-2204	ddunlap@fsu.edu	
Rewrite the project steps to include all safety measures taken for each step or combination of steps. Be specific (don't just state "be careful").			
<ul style="list-style-type: none"> <u>Unpacking materials</u>: Cut away from the body when using box cutters or sharp objects to unpack materials preventing possible cuts. <u>3-D printing of components</u>: Wear safety gloves and or use proper tools to handle components preventing possible burns or cuts. <u>Assembly of mechanical components</u>: Use caution during assembly by taking the proper amount of time to assemble components as well as stretching and taking breaks preventing possible cuts, jammed fingers, or over worked muscles. <u>Assembly of electrical components</u>: Ensure wires are not active and be cautious, taking your time during assembly preventing possible electrocution, burns or cuts. <u>Welding</u>: Wear proper welding garments as well as eye wear and only weld in designated welding areas preventing possible burns or eye injury. 			
Thinking about the accidents that have occurred or that you have identified as a risk, describe emergency response procedures to use.			
<ul style="list-style-type: none"> <u>Cuts</u>: Apply pressure to the wound and secure with a bandage. <u>Minor burns</u>: Rinse with cool water, apply petroleum jelly and wrap with a bandage. In the case of major injuries, fire or other emergency situations call 911. 			
List emergency response contact information:			
<ul style="list-style-type: none"> Call 911 for injuries, fires or other emergency situations Call your department representative to report a facility concern
